MARKET RESEARCH AND ANALYTICS PROFESSIONAL

9+ years leading survey operations, quantitative analysis, and market intelligence across 100+ projects and 20+ industries, with F500 clients. Deep bench in Python, SQL, R, Power BI, and Tableau — pairs statistical rigor with operational leadership.

EXPERIENCE

Eighty Group LLC – *boutique strategy & operations advisory practice* **Remote – Toronto, ON**

Business Development Analyst *2026 – Present*

- Build market intelligence framework prioritizing mid-market prospects using trigger events, industry developments, and decision-maker profiles — established consistent pipeline discipline for the practice.
- Deliver competitive landscape analysis of U.S. and Canadian boutique strategy and transformation consultancies, informing positioning and differentiators used in BD outreach.
- Screen consulting platforms, procurement portals and RFPs for service fit and sector demand, identifying qualified opportunities for pipeline planning.

Glocal Foundation of Canada – *Canadian civic, economic, and public policy research non-profit* **Toronto, ON**

Professional Development & Research Collaborator *2025 – 2026*

- Produced 13+ research reports, infographics, and policy briefs on Canadian civic, economic, and market topics — including comparative policy analysis across 16 areas for the 2025 Canadian federal election and candidate/polling analysis for the Scarborough Southwest Ontario MPP race.
- Delivered economic analysis across CPI/inflation, U.S.-Canada trade, retail sales (10 commodity sectors), and condominium prices (8 cities, 2017–2024) — identified market and economic signals that informed foundation research outputs.
- Developed a predictive model of U.S.-Canada capital-market integration, cross-border financial flows, and equity-market transmission channels.
- Contributed to a Hudson's Bay retail-history case study, 30-participant focus-group research, and the Common Compass Datathon 2026 evaluating academic and mental-health program effectiveness.

SOMRA-MBL Limited – *leading Bangladesh-based market research and data analytics firm* **Dhaka, Bangladesh**

Senior Manager, Digital Surveys and Analysis *2021 – 2024*

- Led a 15-person cross-functional team (system analysts, programmers, operators) delivering market research and data analysis across 100+ engagements and 20+ industries; improved operational efficiency 25%.
- Managed client relationships with British American Tobacco, Unilever, Berger Paints, Samsung Mobile, and GlaxoSmithKline — contributed to 15% increase in client retention.
- Implemented automation and machine learning workflows that reduced data processing time 30% and improved data accuracy to 99.5%, strengthening reliability and efficiency of research operations.
- Directed operating-policy improvements and cross-department coordination supporting ISO 9001 compliance; delivered 20% additional efficiency improvement.

Data Analytics Manager *2019 – 2020*

- Processed and analyzed 2.5M+ records using Python, SQL, and R with 100% reported accuracy and 25% higher operational efficiency.
- Designed automated data collection, transformation, and visualization pipelines using Power BI and Tableau — reduced report generation time 40% and accelerated reporting delivery.
- Led a 10-person data operations team and strengthened quality control practices, maintaining 99%+ accuracy while reducing errors 20%.

Data Processing Officer *2017 – 2019*

- Trained 30+ operators and reinforced quality-control routines that maintained 99%+ data accuracy, reduced processing time 20%, and sustained 95% team retention.
